Photoshop

Premier - Davinci Resolve

## DESIGN EXPERIENCE

**UI Designer | nesine.com**

September 2017 - September 2024

I worked at one of Turkey's most popular sports betting companies, starting as a Senior UI Designer and contributing to numerous projects. Collaborating closely with my team, I designed user-friendly and visually engaging screens for native iOS, native Android, and web platforms. In my last two years, I led the UI design team, overseeing task organization and ensuring high-quality results. Over seven years, I gained extensive experience in designing for small screens and developing intuitive widgets to enhance the user experience.

**Graphic Designer | ieda**

June 2016 - August 2017

I was responsible for social media designs and creating micro-local websites for major companies such as Bayer, Volkswagen, Tadelle, Zumasol, and Pernigotti.

**Graphic Designer | gelecekhane**

November 2014 - June 2016

I was responsible for designing flyers, YouTube videos, and social media posts for a think tank company.

## EDUCATION

**Web Design and Coding - Anadolu University**

Istanbul Turkey 2016 - 2019

**Urdu Language and Literature - Ankara University**

Ankara Turkey 2008-2012
